

# 4000 series

The **BL4000** series represents a medium duty range of mechanical access controls. The BL4000 series has been designed as a direct upgrade for the BL2000 series ideal for those who require the features offered by the BL5000 series but in a more compact unit. The BL4000 series offers the benefits of a lever handle, free passage feature and clutch protection. The BL4003 comes complete with a euro-profile lockcase which has a double throw deadbolt and key to latch control. The BL4001 is supplied complete with a 60mm (50 & 70mm available) tubular latch with anti-thrust pin.
